

OPERATORS WILL
YIELD NOTHING

Positively Reject Demands of Anthracite Workers.

ALL SIGNS POINT TO STRIKE

President White of the United Mine Workers Admits Situation Looks Blue—Operators Refuse Union Recognition, Eight-Hour Day, Increase in Wages and Other Conditions Insisted Upon by the Men.

New York, March 14.—The anthracite coal operators and the United Mine Workers of America alike profess unyielding adherence to their attitudes concerning the miners' demands.

"The situation looks very blue and the indications point to a strike," declared President John P. White of the miners.

The operators say positively that they will make no concessions. With the formal rejection of the miners' demands and the counter proposition that the present agreement, which expires March 31, be continued for three days, the operators' committee of ten adjourned until Friday noon.

Adjournment was taken upon request of the miners' officials, who meantime will meet, consider the operators' reply and plan their procedure. Their decision, it is expected, will be announced at the joint meeting.

"I can say this much," President White declared, "we will not make any modification of our demands. Beyond that I cannot tell what will happen."

The operators' reply is a document of approximately 2,500 words. It deals seriatim and in detail with the demands. The findings of the anthracite coal commission, appointed by President Roosevelt in 1902, is quoted against recognition of the union and the adoption of the one-year agreement.

The reply disposes of the demand that the operators collect union dues of their employees with the declaration that the laws of Pennsylvania forbid their doing so. The conciliation board, the reply states, is always ready to deal justly with grievances of employees and adjust them.

Flatly Refuse All Demands.

The operators' reply of 1906, refusing the demand that the system whereby a contract miner has more than one working place and employs more than two laborers, be abolished, is repeated in the present reply. Grievances concerning interference with check weighmen and check docking bosses, the operators declare, can easily be settled by the conciliation board.

The demand for an eight-hour day is rejected on the grounds that conditions have not changed since the anthracite coal commission commended a nine-hour day and that further to reduce the workday would seriously curtail production.

"It is out of the question to advance wages," reads the reply, "unless we can in some manner realize from the sale of coal produced a sum equal to the increase in wages." This increase, it is stated, would aggregate \$28,000,000 a year and the whole advance, which would average about 67 cents per ton, would be borne by the domestic sizes of coal. The increase in the cost of producing anthracite coal in recent years has reduced the margin of profit to a point beyond which further reduction is impossible, the reply declares.

After urging the adoption of the counter proposition the reply concludes with the statement: "We feel that we cannot be parties to the termination of an arrangement which has made the anthracite region for all interests involved one of the most prosperous industrial districts in the country. We trust that your demands will be withdrawn. The responsibility for a change in the present satisfactory condition of affairs must rest with you."

WARD WELL PROVIDED FOR

Miss Cameron Secures Million From Hawley's Estate.

New York, March 14.—Miss Margaret Cameron, known as the ward of Edwin Hawley and whose real name is Emma Sturges, has been deeded by the late financier's heirs property estimated to be worth \$1,000,000 and allowed a life income of \$25,000 a year, according to a statement made by John B. Stanchfield, attorney for the heirs.

The settlement was made, Mr. Stanchfield said, in accordance with a letter written by Mr. Hawley some time before his death requesting that generous provision for Miss Cameron, whom he sometimes introduced as his niece, be made by those who divide his estate.

Three Dead in Freight Wreck.

Albuquerque, N. M., March 14.—Three are dead, five missing and a score or more injured as a result of a rearing collision between a west-bound extra freight and a work train on the Santa Fe coast lines at McCarty's, N. M., sixty miles west of here.

LA FOREST R. ANDREWS.

Ohio State Senator Is Convicted of Accepting Bribe.

OHIO LEGISLATOR CONVICTED

State Senator Andrews Found Guilty of Accepting \$200 Bribe.

Columbus, O., March 14.—"Guilty as charged in the indictment," was the substance of the verdict returned by a jury in the case of State Senator La Forest R. Andrews of Ironton, charged with having accepted a bribe of \$200 in connection with an insurance bill. Sentence was deferred.

Senator Andrews, with a dozen other state legislators and attaches, was indicted more than a year ago. His trial and conviction followed closely after final disposition of the case of Rodney J. Diegle, former senate sergeant at arms, who recently began serving a penitentiary sentence of three years upon conviction of having abetted the bribery of Andrews.

SENATE CONFIRMS
JUSTICE PITNEY

Vote Stands 50 to 26 at Close of Vigorous Fight.

Washington, March 14.—The vote by which Mahlon Pitney, chancellor of the state of New Jersey, President Taft's nominee to succeed the late Justice Harlan on the supreme court bench, was finally confirmed by the senate was 50 to 26. Justice Pitney will come to Washington on Monday.

These Republican senators voted against Mr. Pitney's confirmation: Bourne, Bristow, Kenyon, Cummins and Poindexter.

These Democrats voted against him: Bacon, Bryan, Chamberlain, Culberson, Gardner, Gore, Hitchcock, Johnson, Kern, Lea, Myers, Newlands, O'Gorman, Pomeroy, Rayner, Reed, Shively, Smith of Georgia, Smith of South Carolina, Taylor and Williams.

The senate's consideration of Justice Pitney was in the fourth executive session it has had on his nomination and the vigorous fight against him because of his decision in a glass blowers' strike case did not abate until the last moment. The session lasted two hours.

Justice Pitney's commission was signed as soon as the senate had confirmed him.

MASS MEETING TO END STRIKE

Textile Workers Expected to Vote to Return to Work.

Lawrence, Mass., March 14.—Further steps designed to bring about an immediate ending of the textile strike were taken. For the first time since the riotous demonstrations of the early stages of the strike a permit was granted for an open air mass meeting of the strikers. It seems likely that the meeting will result in a vote to return to work.

The proposition of the American Woolen company, which provides for an increase from 5 to 25 per cent. time and a quarter pay for overtime work and a readjustment of the premium system, was approved by the strike committee.

NO SETTLEMENT IN ENGLAND

Progress Reported and Another Conference Will Be Held.

London, March 14.—The thirteenth day of the coal strike ended without a settlement. The joint conference of the representatives of the miners and mine owners and members of the cabinet adjourned "in order to consider certain proposals made by the prime minister," as the announcement put it.

There are indications that some progress in the direction of peace has been made and that the miners have receded from the position they have heretofore maintained that the only basis of a settlement would be the owner's acceptance of the federation's schedule of minimum wages.

Canadian Town Fireswept.

Winnipeg, Man., March 14.—Acme, Alberta, was almost wiped off the map by a fire which destroyed the Merchants bank, Alberta hotel, a dozen stores, implement warehouses and lumber yards. The loss will reach \$250,000.

General Salazar Occupies Santa Rosalia Without Fight.

Garrison Retires on Advance of Revolutionary Forces and Are Being Hotly Pursued by Small Detachment. Rebel Advance Will Be Continued and Some Sharp Engagements Are Imminent.

Chihuahua, Mex., March 14.—Once more the rebel army has scored a bloodless victory and the onward march to the south will be resumed. Santa Rosalia, in the district of Camargo, was occupied by General Inez Salazar without a shot having been fired by either side.

For a week a command of 1,000 men has been operating just north of the town, where a detachment of 125 federals had checked the southern movement. The town was abandoned when Salazar's men began their advance. The little group of government troops had fortified their position, but in the face of the great odds determined to make the attempt to join the garrison at Jimenez, some fifty miles south. A detachment of Salazar's men is following them and their retreat may be checked. The garrison at Jimenez is said to comprise about 250 men.

WILL STOP REBEL SUPPLIES

Senate Resolution to Preserve Neutrality in Mexico.

Washington, March 14.—Revolutions, filibustering expeditions, or promoters of domestic violence in any country in Pan-America hereafter may not hope for war supplies of any description from the United States.

This principle, proclaimed in a concurrent resolution, unanimously adopted by the senate at the instance of President Taft, is practically certain to be passed by the house.

Though aimed primarily to meet the inadequacies of the present neutrality laws to which the Mexican government called the president's attention, the resolution when put into effect will empower President Taft to prohibit at his discretion, through the issuance of a proclamation, the exportation of munitions of war to any country with which the United States is at peace.

ARREST MEXICAN REPORTERS

Administration Objects to Lampooning Articles.

Mexico City, March 14.—Pursuing the policy which began several days ago of curbing attacks upon the administration by the press municipal authorities arrested four men charged with being authors of lampooning articles. A dozen or more reporters employed by daily newspapers of the capital are said to be cited to appear in court.

GERMAN STRIKE SPREADING

Over Two Hundred Thousand Miners Are Now Idle.

Berlin, March 14.—The coal miners' strike in the great German coal fields at Westphalia continues to spread. There are over 240,000 men now on strike and the situation is becoming worse everywhere. It has taken a most serious turn in several districts and has resulted already in a fatal conflict between the police and the strikers in the district of Herne.

The feeling among the men is increasing in intensity owing to the rigid repressive measures of the authorities and it is officially stated that the provincial authorities have been instructed to call out the troops if the police prove inadequate to deal with the situation. The cavalry regiments stationed at Dusseldorf, Krefeld, and elsewhere are held in readiness for orders and the men are not allowed to leave the barracks.

CUMMINS WANTS REVISION

Senator Urges Action on Wool, Cotton, Sugar and Steel.

Washington, March 14.—At an informal conference of Republican members of the senate finance committee Senator Cummins of Iowa urged that the Republican senators enact legislation revising the wool, cotton, sugar and steel schedules of the present tariff law.

Senator Cummins favored free iron ore and a reasonable reduction of the duties on the other schedules. He said he believed this revision should be made without waiting for the report of the tariff board and gave notice to his colleagues that he would act independently if they insisted upon waiting for such reports.

ASPIRANTS TAKE
IT SERIOUSLY

How Presidential Bee Affects Different Men.

CHAMP CLARK IS THOUGHTFUL

Underwood Grows Humorous—La Follette Has Heavier Burdens and Works Harder—Little Change in Cummins Once a Candidate Always a Candidate—Never Get Over It.

By ARTHUR W. DUNN.

Washington, March 14.—[Special.]—The presidential bee affects different men according to their temperaments. It has taken a great deal of the lively spirit out of Champ Clark, made him a thoughtful, serious person, reserved in manner and speech.

It has made Oscar W. Underwood a smiling glad hander. In place of serious and frank observations about men and things which we formerly heard from the Alabama man in private conversation we now get a few playful remarks, meant to be humorous, but which do not go well with the Underwood makeup and do not fit the Underwood face.

Under the pressure of being a candidate Robert M. La Follette has assumed all the ills of the people, piling burden after burden upon his shoulders, working harder than ever before to do the work of three ordinary men. Always a serious man, this seriousness has become intensified under the strain of being a candidate for president.

Albert B. Cummins, knowing how Iowa candidates for the presidency have fared in the past, has not allowed his boom to make much difference in his demeanor nor change his form of speech. A little more alert in listening to what is said of other candidates particularly the man who is not a candidate, but will take the nomination the Iowa senator moves along in about the same orbit as before.

Never Get Over It.

For many years Champ Clark used to talk freely about men of the past who had heard the buzzing of the presidential bee. It was his assertion that a man once in sight of the presidential goal or with a fighting chance for the nomination never got over it. Once a candidate, always a candidate. His reminiscences about men who wanted to be elected president are very interesting.

Land by the Gallon.

In one of the many recurring rows over the Everglades, in Florida, Congressman Akin told a story about an Iowa man who had bought lands in the Everglades and went down to see them and then remarked with some earnestness, "I have bought land by the acre, I have bought land by the section, I have bought land by the foot, but I have never before bought land by the gallon."

Not Influenced by Cannon.

If any one thinks that Minority Leader Mann is in the least influenced by Uncle Joe Cannon he ought to try it on. There was a bill before the house in which a large number of men were interested. It was certain that Mann would oppose it because it related to something for the benefit of the army or navy.

So Uncle Joe was drafted and sent to Mann with a request that he keep his hands off. When the bill was reached Mann was there and took charge of the opposition and did his utmost to defeat it. After quite a fight the bill was passed with only five votes against it.

Fish of Different Kinds.

The house was considering a bill providing for some kind of an international commission which was to do wonders in the way of restoring the depleted fisheries. Chairman Sulzer of the foreign affairs committee had charge of the bill, and there was a disposition to have a little fun at his expense.

"It seems to me that the important thing," remarked Slayden of Texas, "is whether this commission is going to propose a plan by which we can persuade those fish to return to the shores of America."

"There is no doubt about that," said Flood of Virginia, the man whom Sulzer crowded out of the chairmanship. "We are going to devise a plan by which that can be done."

"If they do not come back we must provide schools for their instruction and persuade them to return," said Slayden.

"Is it not a fact," asked Rucker of Colorado, "that the principality of Monte Carlo is one of the nations participating in this commission?"

"No," responded Sulzer, with emphatic seriousness. "The gentleman knows," continued Rucker, "that the prince of Monte Carlo has been for years engaged in the very laudable project and endeavor of discovering the secrets of the deep."

"Catching suckers," explained Mann of Illinois.

"This is a serious matter," was the earnest comment of Sulzer when the laughter subsided.

PREDICTS A \$30 PENSION

McCumber Supporting Senate Bill Sees Full Relief Near.

Washington, March 14.—"The time is very near at hand when the ex-soldier of the Civil war who is seventy years old will have a pension of \$30 a month," said Senator M'Cumber, chairman of the senate committee on pensions, in the debate in the senate on the senate substitute for the base Sherman general service pension bill.

Mr. M'Cumber's declaration was made in response to a plea from Senator Brown of Nebraska for the passage by the senate of the bill as it came from the house.

The North Dakota senator replied that he did not believe the country would justify such a measure at present. He thought it better to take up a measure which there was a probability of passing, even though it did not give full relief.

TRAPS AND KILLS
TWO HIGHWAYMEN

Messenger Foils Robbery of a Southern Pacific Train.

San Antonio, Tex., March 14.—David A. Trousdale, an express messenger, balked the robbery of a Southern Pacific train near Sanderson when he trapped two highwaymen, who had held up the train, and killed them.

The robbers boarded the train a few miles east of Sanderson. The mail and express cars and the locomotive were detached from the passenger coaches. Then the engineer, under cover of the robbers' guns, was compelled to run the two coaches ahead of the remainder of the train.

One of the robbers took the express messenger, Trousdale, back to the train and kept him under guard while the other robber covered the crew in the cars ahead and started to rifle the safe and express boxes. Trousdale is said to have employed the old ruse of signalling to an imaginary person back of his captor. When the robber turned Trousdale grasped a mallet and, before the highwayman could shoot, dashed out his brains.

Then arming himself with the dead robber's gun Trousdale waited for the return of the other bandit. After he had rifled the express boxes the second man returned to the coaches. Stepping from cover Trousdale killed him. All of the stolen property was recovered and the train proceeded.

MURDER IN A CARD ROOM

Transient Shot by Man Supposedly Without Reason.

Fargo, N. D., March 14.—A transient, who gave his name as Cole, was shot and instantly killed in Fullerton, N. D., by Frank Dungan. Cole was watching a poker game in a card room when Dungan entered the door and without a word drew a revolver and fired twice at Cole. Both bullets entered Cole's body, the first above the left breast, passing downward toward the heart. The second entered the right breast.

Cole's assailant was quickly disarmed and taken to Ellendale, the county seat, where he was placed in jail. Dungan is not known to have had any previous dealings with Cole and persons who saw the tragedy attribute his actions to temporary insanity. Dungan's wife recently was committed to the insane asylum in Jamestown.

MUSIC AND DRAMA

A Good Show Coming

The Sherman Kelly Stock Co. will be the next attraction at the Brainerd opera house, commencing Sunday, March 17. The company is well known throughout the northwest as one of the best and strongest popular priced shows in the world. Their plays are new, full of good comedy, and right up to the hour. Mr. Kelly, a comedian of rare ability, is supported by an excellent company of performers, and no expense has been spared to make the company one of the best.

The plays are presented as nearly complete as the most advanced stage management could desire, and appear more like a city attraction playing at \$2.00 prices. The opening play of this splendid company will be a real comedy drama, entitled, "The Little Fool," with music and specialties. On Monday evening ladies will be admitted free if tickets are secured before 6 P. M. Monday night.

Special Message to Congress on the Cost of Living.

WAGES FAIL TO KEEP PACE

President Submits First Installment of Information Collected by Consular Officers Abroad—Increase in Prices of Necessities of Life Is General and the Percentage of Increase in Wages Is Far Behind.

Washington, March 14.—The president, in a special message to congress, transmitted the first installment of the information collected by the department of state in regard to co-operation and the cost of living in various European countries.

The department, by direction of the president, instructed the consular officers to make the investigation. The results of the inquiry are summed up in a letter from Acting Secretary of State Huntington Wilson, which is submitted with the consular reports and with a summary of their contents.

The president in his message says that the popular demand for information of this character apparently was based on the belief that some remedy might be found for the high cost of living.

The immediate result of the inquiries instituted by the department of state through the consular officers was to accentuate the fact that the increase in the prices of the common necessities of life is worldwide and that it is an absorbing question with the co-operative associations.

Prices Rise Faster Than Wages.

Intelligence presented by the co-operative societies shows that even when there has been an advance in wages the percentage has not kept pace with the rise in the cost of food supplies.

The president says that the information collected by the department of state is a permanent contribution to the history of the efforts of producers and consumers to solve for themselves the economic problems of production, distribution and consumption.

If the co-operative associations which have been in existence for half a century have not been able to determine the fundamental causes of the increased cost of living or to retard the advance the student of social progress may at least derive instruction from the account of the associations and their influence on the well being of their members.

The president also calls attention to his message of Feb. 2, in which he recommended an international commission to look into the cause for the high prices of the necessities of life and the possible remedies. Should such a commission be authorized by congress, he says, the relation of the co-operative societies to this subject would be of great interest.

Co-Operative Society Facts.

Acting Secretary Wilson, in the letter to the president describing the activities of the department of state in carrying out the president's instructions, says that while the consular officers were engaged in their investigations their attention was drawn to the facts given by the co-operative societies concerning the advance in the prices of the most necessary articles of food.

The reports on this phase of the subject were uniform in showing that the members of the co-operative associations were feeling the universal increase in the cost of staple commodities.

The consul general at London forwarded a table prepared by the co-operative wholesale societies which exhibited the increased cost of certain articles in the United Kingdom since 1898.

From a summary of rates of wages it was developed that the per cent of increase in certain trades from 1896 to 1910 was 11.1 and in food prices 19.5. The wages of railway employees during this period had increased only 7.3 per cent.

DEITZ CASES ARE POSTPONED

Father's Appeal Delays Trials Until Next Fall.

Eau Claire, Wis., March 14.—District Attorney Sam J. Williams of Sawyer county stated here that he and Assistant Prosecutor V. W. James of Eau Claire, representing the state, had stipulated with Attorneys McKenna, Malone and Naber, representing the Deitz defendants, that the Deitz cases which all had been set for March 18 in Eau Claire, should be continued over the term. This means that the trials will not be started before next September.

Mr. Williams said the stipulation was made by long distance telephone; that the reason for this action is the pendency of the John F. Deitz appeal in supreme court.

House Kills Water Power Bill.

Washington, March 14.—After charges had been made that a powerful lobby was at work to procure the adoption of the bill the house defeated, 98 to 27, a measure permitting the Hydro-Electric company, a water power corporation, to lay a pipe line across part of the Mono national forest reservation in California. The water power trust, it was charged, was behind the legislation.

Danderine

Grows hair and we
can prove it

Hair Becomes Soft, Fluffy, Lus-
trous and Beautiful Immediately
After a Danderine Hair Cleanse

Get a 25 Cent Bottle Now and
Forever Stop Falling Hair, Itching
Scalp and Dandruff

A little Danderine now will immediately double
the beauty of your hair—No difference how dull,
faded, brittle and scraggy, just moisten a cloth with
Danderine and carefully draw it through your hair
taking one small strand at a time. The effect is
immediate and amazing—your hair will be light,
fluffy and wavy and have an appearance of abun-
dancy; an incomparable lustre, softness and luxu-
riance, the beauty and shimmer of true hair health.
Try as you will after an application of Danderine,
you cannot find a single trace of dandruff or a loose
or falling hair and your scalp will not itch, but
what will please you most will be after a few week's
use when you will actually see new hair, fine and
downy at first—yes—but really new hair—sprouting
all over the scalp.

Danderine is to the hair what fresh showers of rain
and sunshine are to vegetation. It goes right to the
roots, invigorates and strengthens them. Its life-
producing properties cause the hair to grow abun-
dantly long, strong and beautiful.
Get a 25 cent bottle of Knowlton's Danderine
from any drug store or toilet counter and prove to
yourself tonight—now—that your hair is as pretty
and soft as any—that it has been neglected or injured
by careless treatment—that's all—you surely can
have beautiful hair and lots of it, if you will just
try a little Danderine. Real surprise awaits you.

RECEPTION FOR RANGE PEOPLE

Brainerd Commercial Club Will Give Informal Reception at Club Rooms After

THE LION AND THE MOUSE SHOW

Theatre Train Leaves Aitkin 6:30 Friday Evening and Arrives Early in Brainerd

The Brainerd Commercial club is preparing to extend a most cordial reception to the residents of Aitkin, Deerwood, Crosby, Cuyuna and the other range towns which will attend the production of "The Lion and the Mouse" at the Brainerd opera house tomorrow night. After the performance an informal reception will be held in the club rooms and open house will be maintained until the visitors start on their return trip. It is anticipated that upwards of one hundred will visit Brainerd from the outside towns and the officers of the local club have extended personal invitations to the officers of the Commercial club in the different towns. There is no question but that the event will be one of the greatest interest to the social and business life of this city and the range towns.

When the advance ticket sale started yesterday afternoon for "The Lion and the Mouse," the demand proved large and Manager Brown reports this morning that the sale and reservations of seats was the largest for the present season. There is every indication that the attraction will draw a capacity house.

"The Lion and the Mouse" is a show of special interest at the present time as it treats of matters which are being the subject of fierce debate in the political world, and the author has handled them without gloves. The result is the strongest dramatic play on the American stage at the present time. The United Play Co. has placed the different characters in the hands of capable actors and actresses and the result will be a production of great merit. The curtain will rise tomorrow night at 8:30 o'clock.

The train will leave Aitkin at 6:30 o'clock and will reach Brainerd in plenty of time for the show. Should anything transpire to make the train late, Manager Brown announces that the show will be held until the visitors arrive.

Repels Attack of Death

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite, Col. "They told me I would die with consumption. It was up to me to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its folly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at all druggists.

Ask Your Doctor

Ayer's Sarsaparilla is a tonic. It does not stimulate. It does not make you feel better one day, then as bad as ever the next. There is not a drop of alcohol in it. ENTIRE COURT IS ASSASSINATED

Special to Dispatch:—

Hillsville, Virginia, March 14.—The entire human fabric of the Carroll county circuit court in session here today was wiped out by assassination. Just as Judge Thorton Massie had sentenced Floyd Allen to one year in prison the two brothers of Allen and several friends opened fire with revolvers.

Judge Massie fell dead at the first volley. Then weapons were turned on Commonwealth's Attorney Foster, who was killed instantly, Sheriff Lewis Webb, making frantic efforts to reach the ringleaders, was shot dead before he had taken ten steps. Several jurors had had tried the case were seriously wounded.

BASEBALL MEETING AT CITIZENS BANK

Fans Will Hear the Reports Made by Messrs. Considine and Ryan of the

LITTLE FALLS GATHERING

Election of Team Officers—Some Notes of the Wrestling Match For Saturday

A meeting of the base ball fans will be held in the small hall of the Citizens State bank building this evening. It will be a most interesting session as Tom Considine and M. E. Ryan, who attended the Little Falls directors' meeting, will make a full report of the convention proceedings and the arrangements entered into. In addition to these reports there will be the consideration of the Bush matter and some action to be taken to retain him as a pitcher in the Brainerd team. The election of officers of the team will also be held and other important matters attended to.

Interest in the wrestling game is looking up. After long negotiations the principals in the wrestling bout which will take place Saturday night at the opera house have decided on L. W. Sherlund as referee. He has consented to accept the task and this assures the public of a match which will be of the greatest interest and merit. Both men are in prime condition and each is ready to back himself to the limit.

Great interest is being taken in this event, not alone in Brainerd but throughout the entire section, and it will be the means of bringing many visitors from all parts of the Cuyuna range.

John Anderson has an extended following throughout the mining district and members of his nationality are enthusiastic and will be found ready to encourage and back him to take the long end of the purse.

McAlduff, the Canadian Kid, also has an extensive following and his friends have no doubt relative to the outcome of the match. McAlduff is doing eight or more miles of roadwork a day and is working at the Ridley gymnasium. He is in the pink of condition and expects to give a good account of himself.

Glorious News

comes from J. T. Curtis, Dwight, Kan. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters, but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. Its an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. DEPUTY ONSTINE SEIZES PICKEREL

Deputy Game Warden Finds Fish in the Vicinity of the Rex and Earl Hotels

MAY COME FROM SECTION 10

The Section 10 Man is Said to Have Had Some Pickerel Back of the Rex Hotel

Wednesday afternoon Deputy Game Warden W. H. Onstine seized a lot of pickerel which it is alleged James Grasser, of Section 10, had back of the Rex hotel.

Mr. Onstine also annexed some pickerel at the Earl hotel. The proprietor, Mr. Anderson, told Mr. Onstine that the fish did not belong to the hotel but had been left there by a man from Mille Lacs lake. The deputy has the fish and it is not known if any further steps will be taken in the matter.

Cases for alleged violation of the game laws which were to have been heard this morning were continued to Friday morning.

LAW ENFORCEMENT COMMENDED

Editor Brainerd Dispatch.

Dear Sir:—

The law and order loving people of Brainerd and elsewhere have noted with keen satisfaction the very proper stand taken by the mayor and council in regard to saloons violating the laws relative to closing hours and Sundays. In fact it was the only defensible stand to be taken by self-respecting men entrusted by their fellow-citizens with the offices of trust and responsibility which they occupy. It may be somewhat of a surprise to many both here and throughout the state that this has happened in Brainerd—not the law-breaking but the law enforcement—and it should serve as an indication of a change for the better in the public mind in regard to matters of this kind. In one sense our officials have done but their plain duty and in so far are entitled to no more commendation than the plain every day man who faithfully attends to his civic duties every day of the year, but with the very wide spread feeling that city officials in our day can scarcely be counted upon to take their oath of office seriously it is refreshing to observe the type of civic manhood exemplified by our mayor and council in the recent case.

This is not merely an isolated affair touching only the violators of the law in this particular instance nor is it a persecution of the saloon business as such. That is licensed and regulated by law and in so far is a legitimate business. It is up to the men in charge of it to make it a respectable business. But the same principle that allows the violation of laws touching this business allows the violation of every law touching every other business. If the laws regulating the liquor traffic are wrong or unfair they should be repealed by proper procedure, if not, they should be enforced.

But the enforcement of laws in general has a more far-reaching effect than merely bringing to justice the culprit in a given case. For public opinion in regard to civic duties and decency is shaped to a large extent by the moral atmosphere arising from the enforcement or non-enforcement of laws and ordinances duly enacted. If lawlessness and disrespect for order and decency are permitted to prevail because of laxity or graft on the part of officials the sentiment will naturally take shape in action: "Why should we respect laws that are not to our liking, when we see that others are allowed to disregard laws that are not to their liking?"

On our city officials rests, to a great extent, the responsibility of directing the public mind along the lines of social order and decency and civic responsibility. It can do no harm to let our mayor and council know that they are not alone in the stand they have taken in the action referred to, but have the backing and

W.B. Nuform "Boneless" Corsets

Fashion's latest demand is for the so called uncorseted effect. W. B. "Boneless" Corsets meet this demand—not "boneless" in the sense of absence of all boning, but rather by the omission of all the narrow bones, leaving only a few wide steels to retain the necessary long, straight lines. While the hips, back and abdomen are duly confined within the narrowest bounds, above the waistline there is little or no restraint. The breathing is undisturbed, the waist not unduly compressed, making possible perfect freedom of movement. Thus the paramount features of W. B. Nuform Boneless Corsets are style, comfort, suppleness and Elasticity.

W. B. Nuform Boneless No. 1140.

Few bones, no unhygienic pressure above waist line, yet straight hip and back lines. Low bust. Hips and back long. Material durable, clinging batiste, prettily trimmed. Three pair hose supporters. Sizes 18 to 30. Price \$2.00

W. B. Nuform Boneless No. 1139. A so-called boneless model for average figures. Built on comfortable lines. There are no small bones in its construction. Modeled to prevent the slightest restraint above the waist line, while the hips show perfectly straight lines. Low bust. Hips and back long. Material batiste, lace trimmed. Two pair hose supporters. Sizes 18 to 30. Price \$1.00.

Yours, in the capacity of a plain citizen,

Unanimous Verdict

From our many articles the past few weeks received from various sources it will be seen that "The Lion and the Mouse" is a strictly first-class attraction with more originality and novel features than any company that has yet visited us. It remains to be seen how they will be appreciated.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional cure and therefore requires constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

This is the
Stove Polish
YOU
Should Use

It's different from
others because more
care is taken in the mak-
ing and the materials used are
of higher grade.

**Black Silk
Stove Polish**

Makes a brilliant, silky polish that does not
rub off or dust off, and the shine lasts four
times as long as ordinary stove polish.
Used on sample stoves and sold by
hardware dealers.
It works in a trial. Use it on your cook stove,
your parlor stove or your gas range. If you
don't think it the best stove polish you ever used,
your dealer is authorized to refund your money.
Just use Black Silk Stove Polish.

BLACK SILK STOVE POLISH WORKS

Thirty Days' More Shoe Service When You Buy SELZ Royal Blue Shoes

THAT was the statement made by SELZ, SCHWAB & CO. that first interested us in the SELZ ROYAL BLUE Shoe. Then they proved to us that they knew what they were talking about by taking us through their factory and showing us just how and of what quality leather SELZ Shoes were made. After having "shown us" it remained for them to "show" the public, and this they are doing now—we'll prove to your satisfaction what they have already proved to ours. Is it any wonder we are willing to back up such a shoe with the following guarantee:

**The SELZ Royal Blue
GUARANTEE**

"The name SELZ stamped on the sole of a shoe is a
guarantee of satisfaction. Remember your
dealer is authorized to see that you get satis-
faction from every pair of shoes bearing the mark

Selz Royal Blue Shoes

\$3.50—\$4.00—\$5.00

Every time you buy a pair of SELZ Shoes you save \$1.50. The past year has proven this fact to men in every walk of life—young men, middle-aged men and elderly gentlemen. These men will be back for their next pairs of shoes, bringing more men with them. It will pay you to buy your Selz Royal Blues NOW. There's nothing to be gained by delay. There's everything to be gained by an early selection while styles are complete in every wanted size and leather.
